Subject: RE: Requesting a Meeting

Hi Walter and Colleagues,

The Water Division is briefing your office on the Draft Revised 2017 Filtration Avoidance Determination (FAD) on August 8th from 3-4pm. We are hoping the meeting with NRDC, Riverkeeper, and the Catskill Center can take place after our August 8th briefing. Since New York State Department of Health has primacy for regulatory oversight of the City's FAD, should we invite them to the meeting with NRDC/Riverkeeper/Catskill Center?

Thank you --Javier

Subject: Fwd: Requesting a Meeting

Colleagues,

See the request from Eric Goldstein, below. I'm available to take this meeting with WD.

Lisa and Olivia — let us know if you would prefer to participate in the meeting. Once we know who will attend, Beth can try to find a time, presumably in early August.

Walter

Subject: Requesting a Meeting

Hi Walter —

I hope all is well and that things at Region II are moving forward, despite everything going on in Washington DC (and the world).

I'm writing to request a Zoom meeting with you and your drinking water team colleagues. Riverkeeper and the Catskill Center would hopefully join in this meeting.

As New York State Health Department moves to finalize NYC's FAD revision, it would be extremely helpful if EPA once again could step in and press reluctant New York officials to advance strong pollution prevention strategies to help safeguard the unfiltered Catskill and Delaware water supply over the long-term.

Can you please let me know if we can set this up sometime over the next two weeks? We shouldn't need more than 30 minutes.

Thanks in advance.

Eric
